

## **Society for Mucopolysaccharide Diseases**

### **Policy No. 1C DATA RETENTION and DISPOSAL POLICY**

The Society for Mucopolysaccharide Diseases retains personal data in accordance with statutory requirements or for a longer period of time should we need to under legitimate interests (exemptions). The periods relating to different personal data categories are appropriate and not longer than necessary in this respect.

**Record of Data Retention Periods Relevant to the Business of the MPS Society and its wholly own subsidiary Rare Disease Research Partners - Statutory Requirements are followed where required.**

#### **Patient Services**

##### **Members**

All members' personal data that is relevant under legitimate interests will be retained for 6 years upon which this will be reviewed.

##### **Advocacy**

As part of the Society for Mucopolysaccharide Diseases commitment to our patient community consent must be obtained before services can be provided. In this instance we retain data as follows:

Type of Data	Retention Period
General case notes	6 years after the file is no longer active
Records relating to children	Until person turns 25 years old – then review
Members	6 years then reviewed
Child safeguarding information	Until person turns 25 years old
Adult safeguarding information	6 years after closure of file
Anonymised data	Indefinitely
Deceased data	Indefinitely

There may be occasions where for research purposes we may retain some individual's information beyond this timeframe under legitimate interests, in this instance data should be anonymised.

The Society for Mucopolysaccharide Diseases recognises that there are circumstances when it may not be possible to gain consent e.g. when safeguarding principles apply or when there is an emergency intervention. In this case records will be retained for a period of one month and where retained will be anonymised.

### **Projects & Events**

The Society for Mucopolysaccharide Diseases holds both virtual and face to face activities and events in order to support MPS members and their families. Except in the event of any investigations being held, all personal data held in relation to such activities and events will be retained for 1 year.

### **Fundraising & Communications**

#### **Donors**

All donors' records will be retained for 6 years after their last contact with the Society for Mucopolysaccharide Diseases.

#### **Fundraising events**

All financial records and personal data relating to fundraising events will be retained for 6 years.

#### **Trusts & Grants**

All personal data held in relation to trusts and grant applications will be retained for 6 years. This includes information provided by individuals in support of such applications.

### **RDRP**

#### **Clinical trial participants**

All records of personal data relating to clinical trial participants will be retained for 3 years after the end of the trial, or as specified by the clinical trial sponsor.

#### **Research, survey and study participants**

All records of personal data relating to participants in research, surveys and studies will be retained in line with the specification of the project contract. If no retention detail mentioned in the contract personal data will be kept for 3 years after the end of the project.

#### **CSAC**

Unsuccessful applications will be kept for 6 months after the rejection letter has been sent.

Successful applications will be archived at the end of the project and kept for 6 years in-line with financial requirements.

### **Medical**

Accident books, accident records/reports: minimum of 3 years after the date of the last entry.

### **Accounting**

Accounting records: 6 years

Credit card account numbers must be destroyed in a manner that will render them unreadable after their useful life of 7 years has expired.

### **CCTV**

CCTV images will not be retained for longer than necessary, taking into account the purposes for which they are being processed. Data storage is automatically managed with historical data being overwritten in chronological order to produce a 30-day rotation in data retention.

All retained CCTV images will be stored securely. If there is a legitimate reason for retaining the CCTV images (for example an accident investigation and/or legal proceedings), the footage or still frames can be isolated and saved outside the hard-drive to a separate password protected encrypted zip file on the MPS server. Any saved images or footage will be deleted once they are no longer needed for the purpose for which they were saved.

### **Trustees/Directors**

All personal data relating to previous Trustees/Directors will be retained for 7 years following termination of their agreement with the Organisation.

Board minute meeting records will be retained for 10 years.

### **Disposal of personal and sensitive data**

The Society for Mucopolysaccharide Diseases has a responsibility to dispose of personal and sensitive data which has passed its retention date carefully and securely. The following processes must be followed:

- Manual records must be shredded and disposed of as 'confidential waste'
- Any removable or portable computer media such as hard drives and USB sticks must be destroyed under the guidance of IT Mighty.
